**Title:** University study

It's new life and university study is moving from Basic education stage to college education stage, It's between difficult and easy.

It isn't same any previous stage.

I favourite life new, There are new rules and new system, all thing is new and that sounds interesting, I don't feel This is bad, I'm living life in beautiful and I learned a lot of things.

The teachers are friendly and keep on the students, They gives all him information to him students.

Finally, The university study is very beautiful, I hope All students study in university.
