Title: Social Media

Social media is a tool that helps the people to communicate around the whole world. It makes the life simpler. When someone wants to know anything or information, he can get it in seconds. Moreover, it helps the children in education. They can study through it. People can know all the news and the events in other countries. Additionally, many things have become dependent on it. Many users begin to use it. In addition to using it in the correct way, because when the number of its users, the use of it will increase. Since many things began to use it, its users will continue to increase.
