**Title:** Some people feel that the legal age at which people can marry should be at least 21.

Disagree in general, but in my country agree. because our culture. In our community marriage in early age and this very bad to two parties, and this causes problem and later maybe final off in the end of the divorce.

In my opinion, the appropriate age of life is 25 for women, and 30 to the man, maturing women fastest man and a lot of work don't enough and time also.
