Title: Eating at restaurant with your family is good way to build family ties

Eating at restaurant with my family is one of good way to build family ties. Because we have a time with laughing and sharing the speech with each other. We discover a new food and we share the commands about it. we help each other to choose the type of food and we benefit from the experiences that we ate the food from this restaurant before. We setting near from each other and we eating the food at the same time. Eating at restaurant with my family realy is a good way to build family strong and beautiful.
