Original Text:

Title: Music

The music are diffrent sounds that gives the person diffrent feellings like happiness or sadness some music makes the person dancing and every contry have diffrent name like American music it calls Pop music or hip hop music and korean music it called k-pop music and thers so many i don't want to talk too many about them and we can add some lyring to to music it called music too and this kind of music it will change the person moon more essalliy is the words in the song was deep like songs talk about death or somthing like that, and thats all the things that comed to my mind.

Have a great day.
