**Original Text:**

**Title:** Social media

The social media is more important in our life. it has many information can you use in your day and your life.

The social media halp us in homeworke , learn english .

it's makes us more understood in everything we are need to learn.

The homeworke is so perfct to us. it's useful for us because makes us search about The topic which written.

and makes it information to more learn.

The social media it
