**Topic:** Talk about teaching method

**Original Text:**

**Title:** Teaching method

Method is realization of an approach, involves procedure and techniques. There are many methods to improve teach language like Grammar Translation Method is the oldest method teaching of English. In this method every word phrase and sentence it will be translated into mother tongue. Mother tongue control of teaching. It is useful to understand grammar, but not useless to improve skills (listening and speaking). Where are method to improve listening and speaking without use mother tongue is called Direct Method. There also are modern method like Total Physical Response is very useful for children. Every method helps teacher to be a good teacher.
