**Original Text:**

**Title:** Writing a diary is the best way to review how happy you are

I think this way is good to review when you was happy in one day may be we forget some happy memory is our live so we need to review this memore then we can read it in a dairy and remmber how wer are happy and couses of happienees but some people think this way is bad and trivial, and think they don't need to write and read their dairy to review how happy they are and they can review thier memory without write anything .
